Thin sheet, on purpose. Level 5 lessons are reading-and-thinking lessons built on a long text, and the text is in the app. This sheet carries only the lesson's word list and writing task from the course data. Words here are not limited to taught sounds, because Level 1 to 4 already taught them all.
Goal: Read, spell, and use words with de- and trans-; return to the weather topic from 5.05, going deeper into how large weath

1 Words from this lesson

read each word, say what it means

de-code
to undo a code, work out its meaning

de-frost
to remove frost/ice from

de-flate
to let air out of, opposite of inflate

de-scend
to move down

2 Heart words

learn these by heart

♥
put end

The ♥ marks tricky letters. Say the word, then spell it aloud.

3 Write

Write 2–3 sentences: "Describe one decision someone might make differently because of an intense weather forecast (a farmer, a family, a local government — pick one)."

GROWN-UP TIP Say each word part first (the prefix or ending), then the whole word. Ask what the new word means. Five minutes is plenty: stop while it is still fun. Cheer for trying, not just for being right.

My progress ☐ I read the words ☐ I can say what they mean ☐ I wrote my sentence

Days I practised: ◯ ◯ ◯ ◯ ◯

Words come straight from the course lesson file. Not checked for sound-by-sound decodability: Levels 5-7 read whole words and word parts.
