Thin sheet, on purpose. Level 5 lessons are reading-and-thinking lessons built on a long text, and the text is in the app. This sheet carries only the lesson's word list and writing task from the course data. Words here are not limited to taught sounds, because Level 1 to 4 already taught them all.
Goal: Read, spell, and use words with -ness and -ment; learn the 9 number roots (a self-evidently transparent, motivating star

1 Words from this lesson

read each word, say what it means

happi-ness
the state of being happy

dark-ness
the state of being dark

kind-ness
the quality of being kind

weak-ness
the state of being weak

2 Heart words

learn these by heart

because ♥ turn ♥

The ♥ marks tricky letters. Say the word, then spell it aloud.

3 Write

Write 2–3 sentences: "Using the orange-and-sand-grain model, describe how you'd explain 'the solar system is enormous' to someone who's never thought about it before."

GROWN-UP TIP Say each word part first (the prefix or ending), then the whole word. Ask what the new word means. Five minutes is plenty: stop while it is still fun. Cheer for trying, not just for being right.

My progress ☐ I read the words ☐ I can say what they mean ☐ I wrote my sentence

Days I practised: ◯ ◯ ◯ ◯ ◯

Words come straight from the course lesson file. Not checked for sound-by-sound decodability: Levels 5-7 read whole words and word parts.
