SOUND OUT · PRACTICE SHEET

Lesson 6.05 · Salt Water and Fresh Water: Earth's Water Budget

Level 6 reading lesson

Level 6

Name _____

Date _____

Thin sheet, on purpose. Level 6 lessons are reading-and-thinking lessons built on a long text, and the text is in the app. This sheet carries only the lesson's word list and writing task from the course data. Words here are not limited to taught sounds, because Level 1 to 4 already taught them all.
Goal: Read a compare/contrast text about how Earth's water is divided between salt and fresh water, and take full ownership of the reciprocal-teaching routine for the first time.

1 Words from this lesson

read each word, say what it means

vast
extremely large in area or amount

accessible
able to be reached, used, or gotten to without much difficulty

2 Write

In 3–4 sentences, compare salt water and fresh water using at least one signal word from today's list (however, unlike, in contrast, similarly, whereas, both).

GROWN-UP TIP Read the words together, then ask what each one means. Let your learner write in their own words. Do not rush: a few good sentences beat a full page. Five minutes is plenty: stop while it is still fun. Cheer for trying, not just for being right.

My progress ☐ I read the words ☐ I can say what they mean ☐ I wrote my sentence
