Lesson 6.12 · Taxes: Why We Pay Them and What They Buy

Level 6 reading lesson

Thin sheet, on purpose. Level 6 lessons are reading-and-thinking lessons built on a long text, and the text is in the app. This sheet carries only the lesson's word list and writing task from the course data. Words here are not limited to taught sounds, because Level 1 to 4 already taught them all.
Goal: Read and discuss an informational text on why taxes exist and what they fund; review problem/solution structure and pronoun-reference tracing.

1 Words from this lesson

read each word, say what it means

public good

something everyone in a community can use and benefit from, which usually isn't provided well if left only to

contribute

to give something (money, time, effort) as a share toward a larger shared purpose

evade

to deliberately avoid doing something you are supposed to do, often by dishonest means

2 Write

In 3–5 sentences, explain the "free-rider problem" in your own words and why taxes are one common solution to it.

GROWN-UP TIP Read the words together, then ask what each one means. Let your learner write in their own words. Do not rush: a few good sentences beat a full page. Five minutes is plenty: stop while it is still fun. Cheer for trying, not just for being right.

My progress ☐ I read the words ☐ I can say what they mean ☐ I wrote my sentence

Days I practised: ◯ ◯ ◯ ◯ ◯

Words come straight from the course lesson file. Not checked for sound-by-sound decodability: Levels 5-7 read whole words and word parts.
