Thin sheet, on purpose. Level 7 lessons are reading-and-thinking lessons built on a long text, and the text is in the app. This sheet carries only the lesson's word list and writing task from the course data. Words here are not limited to taught sounds, because Level 1 to 4 already taught them all.
Goal: Learn the historian's first two moves — sourcing (who made this, what's their stake?) and contextualizing (what was happening around this moment?) — using TWO competing visual sources compared against each other, then a written primary sour

bias

2 Write

Write a short paragraph (5–7 sentences): compare the visual sources (1/1b) and the written source (2) on the one factual question both address (was there a clear order, in one coordinated volley, or not) — name each source's likely bias and what each stood to gain from its versio

GROWN-UP TIP Read the words together, then ask what each one means. Let your learner write in their own words. Do not rush: a few good sentences beat a full page. Five minutes is plenty: stop while it is still fun. Cheer for trying, not just for being right.

Words come straight from the course lesson file. Not checked for sound-by-sound decodability: Levels 5-7 read whole words and word parts.
