Thin sheet, on purpose. Level 7 lessons are reading-and-thinking lessons built on a long text, and the text is in the app. This sheet carries only the lesson's word list and writing task from the course data. Words here are not limited to taught sounds, because Level 1 to 4 already taught them all.
Goal: Practice choosing your reading speed on purpose — skim, scan, or deep-read — and sustain a long stretch of deep reading with comprehension; review the level before the mastery check.

2 Write

Write a paragraph (5–7 sentences) naming one real structural decision in your own life you'd change, using present bias correctly, and stating specifically what environmental change (not a willpower resolution) would remove the in-the-moment choice.

GROWN-UP TIP Read the words together, then ask what each one means. Let your learner write in their own words. Do not rush: a few good sentences beat a full page. Five minutes is plenty: stop while it is still fun. Cheer for trying, not just for being right.

Words come straight from the course lesson file. Not checked for sound-by-sound decodability: Levels 5-7 read whole words and word parts.
