Thin sheet, on purpose. Level 5 lessons are reading-and-thinking lessons built on a long text, and the text is in the app. This sheet carries only the lesson's word list and writing task from the course data. Words here are not limited to taught sounds, because Level 1 to 4 already taught them all.
Goal: Read, spell, and use words with un- and re-; read a phrase-cued fluency passage on the water cycle at Model → Assisted → Ind

1 Words from this lesson

read each word, say what it means

un-happy
not happy

un-fair
not fair

un-do
reverse doing something

un-lock
open something locked

2 Heart words

learn these by heart

new **sound**

The ♥ marks tricky letters. Say the word, then spell it aloud.

3 Write

Write 2–3 sentences: "Describe one step of the water cycle in your own words, using the word gradually or constant somewhere in your answer."

GROWN-UP TIP Say each word part first (the prefix or ending), then the whole word. Ask what the new word means. Five minutes is plenty: stop while it is still fun. Cheer for trying, not just for being right.

My progress ☐ I read the words ☐ I can say what they mean ☐ I wrote my sentence

Days I practised: ◯ ◯ ◯ ◯ ◯

Words come straight from the course lesson file. Not checked for sound-by-sound decodability: Levels 5-7 read whole words and word parts.
